

LIMITED RELEASE

A collection of OTU's finest, available only in limited quantities, in selected vintages.

### Vineyard

An elegant, dry style Marlborough Pinot Noir Rosé, sourced solely from our finest yielding Pinot Noir block on the OTU Wine Estate.

### Viticulture

Our very first 100% Pinot Noir Rosé, sourced solely from our low yielding estate with very strong focus on achieving the right fruit at harvest time - late picking to guarantee optimal flavour components.

### Winemaking

For this vintage, beautifully ripe Marlborough Pinot Noir grapes were gently crushed and passed to a temperature controlled stainless-steel tank. The juice was then "bled" from the tank and we began a cool fermentation to retain all the bright berry flavours and crispness to create a signature style for our new Limited Release Pinot Noir Rosé.

### Aromas

Raspberry, pomegranate and strawberries.
